Non-contractual photo

Beautiful dark cherry red colour, with very dark purplish highlights.

Expressive nose of black fruits, raspberry with a floral touch.

Fresh and supple mouth feel. Long and seductive finish on small zan notes.

Silky tannins with a beautiful aromatic balance.

Vinification in thermo-regulated vats

Maturing on sediments

We have been applying since 2011 the vinification charter for **ORGANIC wine**

The estate is composed of very old vines, some of which are 100 years old.

Located on the highest plateau of the appellation (more than 190 m above sea level) our terroir benefits from a windy and sunny area.

Our vines dominate the region, both in terms of quality and exposure.

The rock is very close to the ground at a depth of about 30/40 cm, which forces the vines to fight.

This gives our wine an intense structure and a good minerality.
